Your City, Your State - Your ZIP, Your Country

OBJECTIVE

Seeking a challenging position in [your field] to leverage my expertise in [your key skills]. Aiming to contribute to innovative projects at the intersection of [your interests] and practical problem-solving in fields such as [specific areas of interest].

EDUCATION

- **University Name** Month Year - Month Year
Degree Name
◦ GPA: X.XX/4.00
City, Country
- **College Name** Month Year
Pre-University Education
◦ Grade: XX.X%
City, Country
- **High School Name** Month Year
Secondary Education
◦ GPA: X.X/10
City, Country

PROJECTS

- **A Portfolio** [GH]
◦ A portfolio is a personal website that showcases my skills, projects, and achievements, typically including sections like "About Me", "Projects", and "Contact".
- **Quiz Game** [GH]
◦ Developed A Quiz Game is an interactive application that presents users with multiple-choice questions to test their knowledge on various topics. It tracks scores, and include features like timer, and answer reviews.
- **E-learning platform** [GH]
◦ Designed and developed a responsive e-learning platform allowing users to register, log in, browse courses, and access educational content. Built RESTful APIs with Node.js and Express for managing users, courses, and content storage. Integrated MongoDB for storing user data, course materials, and progress tracking.

SKILLS

- **Programming Languages:** C, C++, Java
- **Web Technologies:** HTML, CSS, Javascript
- **Database:** MongoDB
